PIEM has around 20 core members to operate the administration part and around 20 permanent and full-time experienced faculties.

PIEM has found by the vision and toil to be the most premier coaching institute for IIT-JEE (Main & JEE Advanced) and NEET preparations. It helps the young aspirants to make their dreams come true through high quality teaching, technology enabled systems and commitment. PIEM has been pivotal in churning out Doctors and Engineers, who have in turn been instrumental in taking health care as well as engineering industry to unprecedented heights. This exceptional brand in the education arena has moulded 'knowledge thirsty' brains to such an extent that people testify them as the 'best brains' of the country.

At PIEM, the training is being imparted by the industry professional experts with proven IIT-JEE (Main & Advanced) and NEET training expertise. The curriculum has been defined in a way that takes care of theoretical aspects including the knowledge of conceptualization processes with the origin of basic ideas.

Ever since its inception PIEM has emerged as a benchmark in the arena of 'Coaching & Guidance' with its excellent training and guidance for IIT-JEE (Mains & Advanced), NEET, & other Engineering & Medical Entrance Exams across India. Taking the legacy of excellence forward, today, PIEM is a most emerging coaching Institute for both 'Engineering & Medical' Entrance Exams in Ranchi.

DIRECTOR'S MESSAGE

Dear students,

I
WELCOME

YOU

TO

PIEMTM

I welcome you to PIEM and I am happy that you are considering choosing PIEM for your schooling and competitive exams. Students, as you know the competitive exams were always difficult but it has become very difficult for the last 5 years. And all the students are keen for competitive level examinations in IIT-JEE, NEET, NTSE, KVPY, Olympiads and many other fields. I hope that most of the students who want to join PIEM are planning the toughest competitive exams for Engineering and Medical as well as schooling. Therefore, choosing an institute for your preparation can be your life-changing decision.

Dear students, you should think and know about all the aspects of the institute before you join, as one of your mistakes can spoil your schooling as well as your competitive entrance exam. I hope you have got the proper information about PIEM through various pages of our website, but however I want to tell you about the expertise of PIEM, its team of faculties and facilities which make us different from other institution.

All the faculties of PIEM are highly educated and experienced with experience of teaching in Kota and most of the faculty are NITs and IITans. Our study material is designed by experienced IIT faculties of Kota, Rajasthan. We regularly conduct a variety of test series that make students very familiar with Engineering and Medical entrance exams. Unlimited doubt classes, special classes for weak students, limited batch size and parents-teacher's meetings make us different from others. Finally, I assure you to provide the best competitive environment, top class regular faculties, motivation classes, correct infrastructure, test evaluation, regular one-on-one support and unlimited doubt class support for all students which are more than enough for competitive exams such as IIT-JEE, NEET, NTSE, KVPY and Olympiad as well as your school syllabi. But in these competitive lives, students should not forget to work hard and cunningly to break into the entrance exam as the competitive exam is always tough and only around 2% of all the participating students will be selected. Because there are very few seats for Engineering and Medical colleges and millions of students participate.

Finally, I invite you to explore and take advantage of the facilities provided at PIEM. I believe in an open door policy and therefore always encourage students to contact me at any time with their doubts and questions.

Best wishes for a bright future

(Managing Director)

Dr. S. Azad

**FOR ADMISSION IN PIEM, YOU CAN
APPLY FOR P-SAT
(PIEM SCHOLARSHIP ADMISSION TEST)
AND GET UP TO
100% SCHOLARSHIP**

PIEM (Premier Institute For Engineering and Medical) is a Premier Institute for preparation of IIT-JEE (Mains & Advanced), NEET- (U.G) and Career Foundation (From class 6th to class 10th, NTSE, Olympiads, KVPY etc.). At PIEM, we focus on building a strong foundation of knowledge and concepts in students for their success and provide a transit platform for the preparation of competitive exams and school level education. We have designed various types of courses for the students studying in Class 6th to Class 12th and Pass Out according to their level and interest. First, we filter the students through the PIEM Scholarship Admission Test (P-SAT) and make suggestions to students and parents for the appropriate program offered by us.

OUR DIFFERENTIATIONS

Why a student or parents should choose PIEM

“We Bridge the Difference between Try and Triumph”

Our unique methodology prepares students for competitive exams like- JEE, NEET, NTSE, NSTSE, KVPY and Olympiads, along with the schooling. Our differentiating aspects have always been the quality that we provide to our students.

We have listed here some points which are our differentiations from other institutions in the same field

- Teaching based organization
- Impeccable Administration: Strict administration and discipline for everyone including teachers, students and admin.
- Faculty Selection with an Edge: Faculty selection follows the entire process of written exams, performance lectures and final one-to-one interviews with MDs, whether on-campus or direct recruitment.
- Permanent, full-time, highly qualified and dedicated faculties: - Highly experienced as well as young and talented faculties are recruited with relevant experience in teaching, which are qualified from top institutes like Central Universities, IITs, NITs and other reputed institutes.
- Professional Run Organization: It is a hub for entrepreneurs and not a group of employees as everyone owns their roles and responsibilities to deliver the best performance.
- Cooperative, caring administrative staff
- Appreciable result ratio of successful student to Registered students
- Relevant Study Material and Test Papers: Every student is given relevant study material and test papers specifically designed by IITans on the basis of the latest JEE and NEET pattern.
- Competitive environment: Highly competitive environment motivates students to have a focussed learning approach that brings the best results.
- Special Classes: These classes help average students to attain the essential level required to crack the Engineering & Medical Entrance Exams by accelerating their IQs levels.
- Revision classes: These classes serve as a catalyst in strengthening the toppers as well as the confidence of weak, non-serious and shy students.
